New Appendix for Sample Collection and Shipping Requirements

- Procedures for shipping different types of samples to different Service specific sites
- Should be clearly outlined (Quick reference guides)

New Appendix for Reference Labs

- Address list and POCs by Service
- What type of samples they handle
- Should include reference and non-traditional labs that DOD can use as well

New Appendix for Request Procedures

- Comprehensive outline of the procedures to request these capabilities
- If I am in PACOM and want to task NEPMU-6; the JTF sends RFF to PACOM, PACOM requests from CPF, who in turn requests from CNO, who then tasks BUMED to support
- All outlined with sample references

Next Steps
